## IT WAS AN EVEN BREAK

Helena Takes One Game and Butte Appropriates the Other.

## SOME KICKING AS USUAL

After the Usual Kicking Comes the Usual Roast by the "Standard's" Special Reporter—See Below.

BUTTE, Aug. 28.—Butte and Helena split even on the two games played this afternoon. Both games were good ones and the large crowd which the double attraction drew out went away well satisfied with the result, although the enthusiasm might have been a little more intense if the Buttes had captured all the honors instead of dividing them. The Helenas, through some strange miracle, started in to play decent ball, and though the new clothes did not fit them at all they managed to struggle along until the second game was about half over before indulging in any of their customary senseless kicking. Then they cut loose again and started to kick and to try to bulldoze the umpire. Kilpatrick again made no effort to stop them until the crowd refused to stand it any longer, and then he very reluctantly imposed a fine of \$5 on Huston. This choked them a little for an inning or two, but it is not the nature of the brutes to keep quiet and they were soon at it again as bad as ever. Kilpatrick took all their "guff" with the meekness of a lamb, being apparently afraid to talk back to them or impose any fines. Kilpatrick did good work in his first game here, but since that he has gradually fallen off until now he is no more fit for the position than a street loafer is for the presidential chair. His decisions today were so rotten that the stench overspread the entire field. In the first game both sides suffered about alike, but in the second one he gave Helena the best of it on every possible occasion and roasted the Butte players unmercifully.

The first game opened with Caplinger and Munyan in the points for Butte and Dunning and Lobeck opposite them. Caplinger had away the best of it in the box, and would have won the game in good shape had it not been for a couple of yellow errors by Buchan, which gave the Crackers two runs. Outside of these two errors the Buttes put up a good game. They also hit hard and often, but luck was dead against them, and nearly every time the ball left their bats it went straight into the holders' hands. Butte jumped out with four runs in the first inning, which were secured on consecutive singles by Brennan, Smith, Powell, Bright and Hearn, and an error by Crotty. One more was added in the eighth on an error by Hearn, a steal of second and a wild throw by Lobeck. Helena scored first in the second on Dunning being hit, a single by Tully and an error by Bright. A wild throw over first by Buchan gave them another in the third. Three more were added in the fifth on singles by Hearn, Crotty and George, a base on balls and a hit by pitched ball and a sacrifice by Miller. Another wild throw by Buchan gave Helena the winning run in the eighth. Following is the score:

Earned runs, none; three-base hit, Buchan; double play, Miller to Crotty to Strothers; bases on balls—off Caplinger 3, off Dunning 2; pitched ball, Caplinger 2, Dunning 1; struck out—Caplinger 5, Dunning 3, Time, two hours. Umpire, Kilpatrick.

The second game commenced immediately after the first one closed, with Huston and Brennan up for Butte and Monday and Tully doing the battering work for Helena. Tony started in with the evident intention of getting even with the holder for the doubling the first time. Although he was touched up for 10 hits he kept them well scattered and was very effective at critical points. Brennan gave him his first support behind the plate. Bright made several brilliant plays and the whole team did good work. The playing of the Helenas was very ragged. In the fifth inning Strothers was disabled by being run into by Fleming. Following is the score:

## THEY'RE IN HOT CHASE

Republicans Who Want to Get Votes in the County Convention.

## ALL OUT FOR FAT PLACES

When They Meet To-Morrow the County Delegates Will Have Ten Men for Each Place on the List.

BUTTE, Aug. 28.—The wildest kind of a scramble for official plums is going on in the republican ranks, and from the eagerness displayed it would seem as if some of the candidates had an idea that they would stand a show for election in case they succeeded in gaining the nomination. Expert politicians say that the number of office seekers in the field just now exceeds anything of the kind heretofore seen. The county convention will be called to order at noon Tuesday, and from present indications the session will be a long and stormy one, with prospects of antagonisms being engendered that will surely defeat the successful ones. The canvass for votes grows more active daily and the delegates to the convention are heartily wishing they had not obtained that honor.

Strangely enough, with all the canvassing going on, there is very little about the nominations for the legislature. The scrambling is for the fat local offices, and the honor of representing Silver Bow county at Anaconda in the legislature does not excite so much eagerness. No one is working for the nomination of state senator, but it is whispered on the side that F. E. Sargeant or J. H. Monteth would accept it. There has not yet a name appeared in print of a candidate announcing himself as a candidate for representative in the legislature, and there has not appeared any gossip on the subject. Only a few names are talked of on the street, and from the street talk it would appear that young men are to be nominated. Among the few that have been mentioned are Charles J. Stevenson, Charles Mattison, W. H. Sweet, Dave Lawrence and S. W. Graves.

For the two district judges to be nominated, the names are mentioned of W. O. Speer, J. B. Wellcome and Charles R. Leonard. For clerk of the district court, the only name that has yet been mentioned is that of Captain H. A. Neidenhofen and the chances are favorable for his nomination on the first ballot.

A new candidate announced himself today for county attorney in the person of Judge W. J. Lippincott. The other candidates are M. L. Wines, Alexander Laist and John W. Catter.

For sheriff the race is a hot one and no man can predict the result. George Peterson, J. B. Gallagher, Patrick Boland, F. B. Thomas, Sam Reynolds and W. W. Adams are running a neck and neck race, and each has very strong support.

For county treasurer the names are mentioned of W. H. Hill and J. Y. Long. For county clerk and recorder the nomination is said to be likely to go to Charles Johnson of South Butte.

For assessor John Goldworthy of Centerville is a strong candidate. For county auditor, there is a race, with Carlos Wardfield, George Winters and Capt. J. B. Glover entered.

For superintendent of public schools the candidates are Miss Katie O'Donnell and L. C. Paxson. For public administrator, W. D. Fennel has entered the race, and has a strong backing. With him Prof. Reinhart is named, and John A. Cannon, it is said, would accept the nomination if tendered him by acclamation, but will make no canvass for it.

For coroner there are a number of candidates, including Dr. Phillips of Walkerville, Dr. Heber Roberts, Dr. Howard, James Dineen and Thomas C. Porter. For justices of the peace in Butte the names mentioned are Robert Turner, John C. Heilig and J. B. Knight.

The democratic candidates are laying low just now, as it will probably be several weeks before the democratic county convention meets. Dr. T. C. Witherspoon is in the field for coroner, and is likely to receive the nomination, as he is highly respected on all sides and eminently qualified for the position.

A new candidate for county auditor was announced tonight in the person of W. P. Spafford. Mr. Spafford was formerly a clerk in Hoge, Brownlee & Co's. bank.
